

Ingredient Labels PDF

Ingredient Label Note:

We like to keep things clear and honest! Each label lists our main ingredients, followed by any sub-ingredients in parentheses. For example, flour can include a few extra parts that make it what it is — like bleached wheat flour, niacin, reduced iron, thiamine mononitrate, riboflavin, folic acid, and enzyme. These sub-ingredients come straight from the manufacturer. We do not add them ourselves! We list everything so you know exactly what goes into every sweet treat.
